

The sun was shining and all was ready for what is believed to be the first exclusively 'Harley Only' Swap Meet in Australia. There were plenty of vendors arriving early to setup their stalls and it wasn't long before the customers started pouring in.

The atmosphere was almost festive as people mingled, met up with old friends and made new ones. Along the way items were changing hands and the vendors were building their bank accounts.

The stall holders had an assortment of objects from shoes, jackets, small and large parts and of course, standard pipes. There were plenty of those and surprisingly, they were one of the hottest items on the day.

The BBQ was a great success thanks to Sally and Kiwi, with the help of Craig and Helen. They raised \$120.00 for the Victorian Bush Fire Appeal. We are waiting for the final result of the entry fee and donations to determine the exact amount of money raised for the appeal.

A special thanks to Robbo's for the generous use of their facilities and to Café At Robbo's for opening for the morning. Overall, it was a very successful trial and the general consensus was that the Swap Meet will become a regular event. Keep your eyes open for the flyer, and remember, you never know what will sell so go through you store of Harley objects and get and get ready for the next Swap Meet.
